

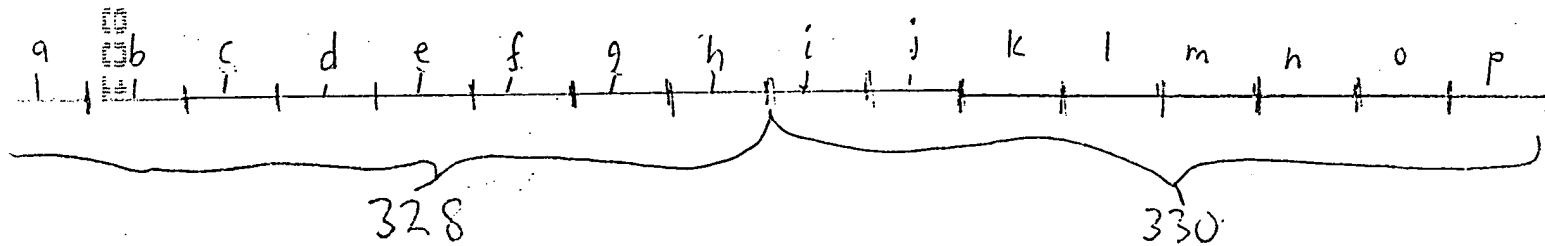

Fig. 8

A diagram of a cylinder with three horizontal segments labeled A, B, and C. Segment A is at the bottom, B is in the middle, and C is at the top. Each segment has a shaded portion on its left side. To the left of the cylinder is a vertical axis labeled "Slot No." with an upward-pointing arrow. To the right of the cylinder is a horizontal axis labeled "Segment" with a rightward-pointing arrow. Dashed lines connect the boundaries of the segments to the horizontal axis.
